

# SHELVING

SYSTEMS AND LARGE-SCALE  
METAL PRODUCTION

MADE IN CZECHIA

We are  
**No.1**  
in Central  
Europe

# ABOUT US

- since 1994
- purely Czech, prosperous and globally oriented manufacturing company
- primary activity is large-scale metalworking
- production of boltless shelvings, handling equipment, building trestles, transport trucks
- other specific metal products
- automatized production
- own development and construction
- latest computer technology to design
- high quality and best prices
- short delivery times

A close-up photograph of industrial machinery, likely a roller mill, with various metal components, bolts, and rollers. The image is partially obscured by a white gradient on the right side where the text is located.

# WHY WE ARE No.1?

We have our own factory for the production of all our products.

We also have our own development department, which is able to produce any request of our customers in record time.
